

## Chester County / City of Henderson Storm Shelter Registration

Chester County and The City of Henderson is initiating a Storm Shelter Registration Program. This free, voluntary program allows the residents of Henderson and Chester County who own a personal severe weather shelter to register their shelter with the City of Henderson and Chester County. Shelter registration is part of our effort to be proactive in response to rescue situations that can occur as a result of severe weather.

This program will provide rescue personnel with valuable time saving location information should a storm shelter exit be blocked by debris or structural damage caused by severe weather.

This information will be maintained by the Chester County/City of Henderson Emergency Management Agency and used only in the event of structural damage from severe weather or other related incidents. It is only necessary to register your shelter once. Please fill out the form below. Fax completed form to 731-989-4575 or email to [jrfarris667@msn.com](mailto:jrfarris667@msn.com)

By signing below, I understand by registering my basement, underground storm shelter, or hardened above ground storm shelter, that those areas may be checked for entrapment by debris, following a tornadic or wind event. I further understand that it may be an undetermined amount of time, depending on the size of the emergency, before a rescue attempt may be initiated at my location. With my signature, I release the City of Henderson and the County of Chester from any liability, for any event that occurs due to delayed rescue. I further acknowledge that any record created is subject to the Tennessee Public Information Act.
